

Though our Festive Feast Menu always goes down a treat, this year we wanted to give our 1842 Customers the best of both worlds, introducing a 3 course option to the mix.

It allows our fellow foodies to indulge in the perfect storm for the pallet this Christmas, whilst enjoying the ambience set by our warm copper and wood surroundings. Lets face it, if you can't indulge at Christmas, when can you?

Expect the Unexpected has always been our tag line, and for Christmas it is no different, swapping the cliché Roast Turkey Dinners for something less formal and more light-hearted. Combining great food and drink with a party atmosphere, is the perfect recipe for a good time, one we know how to deliver here at 1842.

The Festive Feast menu is served in a multiple plate style service allowing you all to help yourselves to your Christmas favourites.

There is always plenty to go around just like your Family Christmas dinner, so bring your appetites!!!
